You are allowed to bring in any caterer of your choice, however, they need to be a licensed caterer. If you bring in a caterer from MN, that particular caterer would need to get a temporary WI permit through our local county so please just run all catering and other vendors by us so we can properly accommodate your needs and meet all WI and county rules and regulations.

As far as alcohol goes, we have a hosted bar meaning you have to supply the alcohol and have a licensed bartender serve it. All beer/wine/liquor needs to be served by a licensed bartender from our list and liquor bottles need to stay behind the bar. The bartender needs to be behind the bar until closing time. We can NOT SELL alcohol on our premises. No underage drinking is permitted and if any foul play is suspected you will be subject to fines. .
